## EVENTS AT THE YARD

*Starland Yard* offers a variety of spaces and opportunities for private, semi-private, and public events. We can accommodate parties of all sizes whether you're looking to host a small group or rent the entire venue.

**Our spaces include:** The Upper Pavilion, The Lower Pavilion, Single Covered Containers, The Turf, and The Patio. Or the whole Yard!

## OUR SPACES

### UPPER PAVILION

An open-air rooftop courtyard overlooking the Yard. It has a bar rail around 50% of the area with high top chairs and a mix of lounge style seating. The rooftop is backed by a vine-covered, metal lattice and strung with café lights. This space can only be accessed by stairway. A satellite bar may also be added to this space.

### LOWER PAVILION

Just below the rooftop courtyard, this covered area of the same size can hold up to 50 people with table seating. Tables and chairs are standard height and the space has a vibrant, hand painted mural as a backdrop. A satellite bar may also be added to this space.

### THE TURF

This grassy space has more table surfaces and doubles as a play area with optional Cornhole and Giant Jenga. Sail shades cover this area from the hot summer sun. The Turf can't be reserved alone, however, the Upper Pavilion and Lower Pavilion may be reserved together and The Turf added on with an extra fee to make a corner buyout. A corner buyout will fit up to 130 people.

### PATIO SINGLE COVERED CONTAINER

Adjacent to the patio, The patio single covered container is a bit more private in its own corner of the Yard. This container fits 2 or 3 picnic tables and has two flat screen TVs. This area sits around 15 people and has no standing space.

### BAR SIDE COVERED CONTAINER

This area is comprised of 2 covered containers equipped with ceiling and wall fans and holds 5 picnic tables. This area can seat 30 people and is a perfect blank slate to add your own personal touches to!
